Commuter Registration

Dear Commuter,

In an effort to update our registration information, we ask that you complete this form. After completing the bottom section, please sign it, and return it to the church office as soon as possible. Any vehicle not registered with the office is subject to towing at the owner's expense.

Please park in the back rows of the parking lot. When snow is forecast, we ask that you park along the very back, next to the bushes, to make the plowing easier.

Because this parking lot is for church purposes only, any other use is the sole risk of the user. The church assumes no liability for any loss, damage, or injury.

We gladly accept donations toward the upkeep (plowing, sanding, etc.) of this lot and are happy to be able to offer this parking privilege to you and hope it continues to be a helpful service.
